REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants in the John Deere Tax Deferred Savings Plan for Wage Employees:

We have audited the accompanying statements of net assets available for benefits of the John Deere Tax Deferred Savings Plan for Wage Employees (the "Plan") as of October 31, 2008 and 2007, and the related statement of changes in net assets available for benefits for the year ended October 31, 2008. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of October 31, 2008 and 2007, and the changes in net assets available for benefits for the year ended October 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of October 31, 2008, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. Such supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2008 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic 2008 financial statements taken as a whole.

JOHN DEERE TAX DEFERRED SAVINGS PLAN FOR WAGE EMPLOYEES

NOTES TO FINANCIAL STATEMENTS AS OF
OCTOBER 31, 2008 AND 2007 AND FOR THE YEAR ENDED OCTOBER 31, 2008

1. DESCRIPTION OF PLAN

The following is a general description of the John Deere Tax Deferred Savings Plan for Wage Employees (the "Plan"). This description applies to each of the years for which financial statements are presented and provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan agreement.

General – The Plan was established September 1, 1987 by Deere & Company (the "Company") for certain eligible employees of the Company and its participating subsidiaries. The purpose of the Plan is to provide employees with a tax deferred method of savings and investment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Administrative expenses of the Plan are primarily paid by the Company. The Company is the administrator of the Plan. Fidelity Management Trust Company, Boston, Massachusetts ("Fidelity"), is the Plan trustee, investment manager, and recordkeeper.

Eligibility – Employees are eligible to participate in the Plan immediately upon hire if they are hourly employees on the United States payroll of the Company or its participating subsidiaries.

Contributions – An eligible employee may elect to become a participant in the Plan by contacting Fidelity to authorize the Company to withhold contributions from his or her compensation during the period of participation. Participant contributions and investment elections are processed through Fidelity using a voice-response system, on-line through NetBenefits, or through a Fidelity representative. Participant contributions can range from one percent to 50 percent of compensation with additional catch-up contributions ranging from one percent to 25 percent, as elected by the participant, as limited by the Internal Revenue Code ("IRC"). Participants may amend or revoke their elections as of the next occurring payroll period. Effective March 1, 2007, the Plan accepts Roth elective deferrals, as well as Roth catch-up contributions, made on behalf of eligible participants, which are allocated to a separate account source.

The Company provides a matching contribution to employees hired after October 1, 1997 generally equal to 25 percent (30 percent for John Deere Horicon Works and 50 percent for John Deere Commercial Products) of the employee's contributions up to six percent of eligible compensation. Contributions are sent to Fidelity as soon as practicable following each payroll period, but no later than the 15th business day following the end of the month, and are invested by Fidelity in funds as specified by the participants. Monies may be held and invested by Fidelity in a Fidelity Freedom Fund closest to the employee's 65th birthday until designated investments have been purchased.

All contributions are considered tax deferred under sections 401(a) and 401(k) of the IRC, with the exception of Roth elective deferrals, which are made on an after-tax basis.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with contributions by the participant and the Company together with earnings and losses allocated daily among participants based on the ratio of their respective account balances as of the preceding day. Participants are immediately vested in their contributions and allocated earnings or losses. The Company matching contributions and allocated earnings or losses related to matching are vested after a participant has three years of service with the Company. The benefit to which a participant is entitled is one that can be provided from the participant's vested account balance.

Forfeited Accounts – At October 31, 2008 and 2007, forfeited nonvested accounts totaled \$47,649 and \$58,777, respectively. These accounts will be used to reduce future employer contributions. During the year ended October 31, 2008, employer contributions were reduced by \$5,000 from forfeited nonvested accounts.

Fund Elections – Participants in the Plan direct investment of their account balances into one or more investment funds, which include the following as of October 31, 2008:

- Blended Interest Fund
- Deere & Company Common Stock Fund
- Fidelity Intermediate Bond Commingled Pool
- Any of 32 Fidelity Mutual Funds

In addition, participants have access to Fidelity BrokerageLink, which is a self-directed brokerage account. Through this account, a participant has access to over 3,000 mutual funds from approximately 200 fund families.

The Plan includes an Employee Stock Ownership Plan and dividend payout feature whereby participants may elect to receive dividends on their vested shares of Company common stock in the Deere & Company Common Stock Fund in either cash or as a reinvestment in Company common stock.

Loans – Employees who participate in the plan are eligible to borrow against their account balances. Loans must be at least \$1,000 and are limited to the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance during the immediately preceding one year period) or 50 percent of their vested account balances on the effective dates of the loans, and the term of a loan may not exceed five years (ten years if the loan proceeds are used to purchase a primary residence). Loans are secured by the balance in the participant's account and interest is assessed at a rate which is determined after reviewing the published prime interest rate. Repayment for actively employed participants is intended to be made via payroll deductions. A participant with an outstanding loan at the time of unpaid leave of absence, retirement or separation from service will be issued a loan repayment coupon book from Fidelity. The participant may opt to continue making loan payments by using the coupons and sending the payment to Fidelity. A minimum of one payment must be made each quarter (equal to all payments due for the quarter) to keep the loan current. The entire loan must be repaid within five years of the effective date of the loan or the original loan term, whichever is greater. Failure by the participant to make a quarterly payment or pay the loan off within five years of inception or the original loan term, whichever is greater, will result in the outstanding loan balance becoming a taxable distribution to the participant. If an eligible participant elects to take full distribution of their account balance and a loan balance remains, the entire loan balance remaining will be taxable.

Payment of Benefits – Distributions are not permitted while the participants are employed by the Company unless a distribution is required to meet legal requirements or the participant has reached age 59-1/2. Participants who have terminated employment with the Company or retired may elect an immediate distribution or may defer the start of distributions up to age 70-1/2. The beneficiary of a participant who died may elect a deferred distribution payable not later than five years after the participant's death. Distributions from the Deere & Company Common Stock Fund may be in cash or whole shares and residual cash. Distributions from all of the other funds are in cash.

Participants may take a lump-sum distribution, or elect one of the following distribution options:

- (a) Level Sum Distribution – A specified dollar amount is distributed monthly.
- (b) Decremental Distribution – A decremental withdrawal is made over a specified period of time.
- (c) Unscheduled, Partial Distribution – Unscheduled amounts are distributed at the discretion of the participant with a minimum distribution of \$1,000.
- (d) Mandated Distribution after 70-1/2 – By April 1 of the year following the year in which the participant turns 70-1/2, the participant must either take a lump-sum distribution or begin systematic withdrawals which are actuarially determined.

Hardship Withdrawals – Participants in the Plan, under Internal Revenue Service (“IRS”) guidelines, may request hardship withdrawals for heavy and immediate financial needs which cannot be reasonably met from other resources of the participant. A hardship withdrawal results in a six-month suspension of participant contributions and Company matching contributions. Only one hardship withdrawal is allowed in a 12-month period.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan’s financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan utilizes various investment instruments, including mutual funds, a common collective trust, common stock, and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Valuation of Investments – Investments are stated at fair value, except for participant loans as noted below.

Deere & Company Common Stock Fund – Fair value is based on the closing sales price reported on recognized securities exchanges on the last business day of the fiscal year. On November 14, 2007, a special meeting of stockholders was held authorizing a two-for-one stock split effected in the form of a 100 percent stock dividend to holders of record on November 26, 2007, distributed on December 3, 2007. All share data has been adjusted to reflect the effect of the stock split for all periods presented.

The Deere & Company Common Stock Fund is maintained on a unit value basis. This basis did not change as a result of the two-for-one stock split. Each unit outstanding represents twice the number of shares represented prior to the stock split. The number of units and related net asset value per unit as of October 31, 2008 and 2007 for the fund are as follows:

	Units Outstanding	Net Asset Value Per Unit
October 31, 2008	1,585,464	\$ 56.49
October 31, 2007	1,321,014	111.40

Mutual Funds – The mutual funds are valued at quoted market prices which represent the net asset values of shares held by the Plan on the last business day of the fiscal year.

The Blended Interest Fund – The Blended Interest Fund is a stable value investment option to participants that includes several synthetic guaranteed investment contracts (“GIC’s”) which simulate the performance of guaranteed investment contracts through an issuer’s guarantee of a specific interest rate (the wrapper contract) and a portfolio of financial instruments that are owned by the Plan. The synthetic GIC’s include underlying assets which are held in a trust owned by the Plan and utilize benefit-responsive wrapper contracts issued by JP Morgan Chase, Rabobank Nederland, State Street Bank and Trust Company, and AIG Financial Products Corp. The contracts provide that participants execute plan transactions at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The interest rates on the wrapper contracts are reset quarterly based on market rates of other similar investments, the current yield of the underlying investments and the spread between the market value and contract value. Certain events such as Plan termination or a plan merger initiated by the Company, may limit the ability of the plan to transact at contract value or may allow for the termination of the wrapper contract at less than contract value. Plan management does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

	2008	2007
Average yields of the Blended Interest Fund:		
Based on annualized earnings (1)	4.45 %	4.94 %
Based on interest rate credited to participants (2)	3.99	4.66

(1) Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the investments on the same date.

(2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the investments on the same date.

The underlying assets of the investment wrap contracts are stated at fair value and are determined by Fidelity based on quoted market prices. Fair market value of the wrappers is estimated by converting the difference between the current basis points assigned to the wrap fees into dollars.

In accordance with Financial Accounting Standards Board (the “FASB”) Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the “FSP”), the statements of net assets available for benefits presents the GICs at fair value, as well as an additional line item showing an adjustment of the fully benefit-responsive contracts from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis and is not affected by the FSP.

Fidelity BrokerageLink Accounts – The BrokerageLink accounts are valued at the closing net asset values of funds comprising the account.

Participant Loans – Loans to participants are stated at the outstanding loan balance.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Income Recognition – Interest on bank and insurance contracts and short-term investment funds is accrued daily and credited to the funds at the end of each month. Dividends are accrued in the Deere & Company Common Stock Fund as of the record date and are reflected as an increase in the fund's net asset value on that day but are reported separately as dividends. Dividends in other funds are recorded on the date of record and are allocated to participants' accounts on that day. Earnings, including unrealized appreciation or depreciation in market value of investments, are allocated daily among participants based on the ratio of their respective account balances as of the close of the preceding day.

Net Transfers to Affiliate Plans – Transfers represent net assets transferred from the Plan during 2008 to the John Deere Savings and Investment Plan for participants who became participants in that plan.

Payment of Benefits – Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were immaterial at October 31, 2008 and 2007.

Administrative Expenses – Administrative expenses of the Plan are paid by the Company as provided in the Plan agreement.

New Accounting Standard to be Adopted – In September 2006, the FASB issued Statement No. 157, *Fair Value Measurements*. This Statement defines fair value and expands disclosures about fair value measurements. These methods will apply to other accounting standards that use fair value measurements and may change the application of certain measurements used in current practice. The effective date is the beginning of fiscal year 2009. The adoption will not have a material effect on the Plan's financial statements.

3. INVESTMENTS

The Plan's investments that represented 5% or more of net assets available for benefits as of October 31, 2008 and 2007 are as follows (dollars in thousands):

	2008	2008 Percent of Net Assets	2007	2007 Percent of Net Assets
Deere & Company Common Stock Fund*	\$ 89,567	19 %	\$ 147,163	22 %

Vanguard Small Cap Indexed Investor	(60)
	<u>\$ (222,107)</u>

* Represents a party-in-interest to the Plan.

The Fidelity BrokerageLink Accounts consist only of mutual funds.

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan held 2,322,689 and 1,900,077 shares (post two-for-one stock split on December 3, 2007, see Note 2) of common stock of Deere & Company, the sponsoring employer, with a cost basis of approximately \$86 million and \$53 million at October 31, 2008 and 2007, respectively. During the year ended October 31, 2008, the Plan recorded dividend income of approximately \$2 million from the Company common stock.

The Plan also holds investments in mutual funds administered by Fidelity Investments Institutional Operations Company, Inc., an affiliate of the Plan trustee, investment manager and recordkeeper. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

5. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Company, by a letter dated April 2, 2004, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter; however, the Company believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Employees participating in the Plan are subject to federal income taxes on the distributions from their accounts in the calendar year in which such distributions are received from Fidelity.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, account balances would become fully vested and be distributed to participants.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of October 31, 2008 (dollars in thousands).

	2008
Net assets available for benefits per the financial statements	\$ 461,815
